History

The Cinematic Arts Commission, recognized by the University of Miami on March 17, 2008, works to screen the best movies possible at the on-campus theater for students to enjoy. The CAC also works to allow its members the opportunity to learn about movie programming, promotion and presentation.

Our initial goal was to screen movies weekly at the Cosford Cinema and meet weekly to plan future events and find ways to improve their services.

Today, the CAC screens two movies a week and has monthly events to promote attendance at the weekly screenings.

Affiliation

CAC is an umbrella organization of Hurricane Productions. HP is the University of Miami's entertainment and programming board, and largest student-run organization. With seven individual committees, HP provides free on-campus entertainment for students. HP hosts an array of events, that include indoor and outdoor movies, live musical performances, theater productions, free giveaways, and much more!
